

## The Stone Trough Inn – Recommended Walks

We welcome walking parties. Why not park your car here, go for a walk and then return for a bite to eat or a hot beverage in front of one of the roaring fires

### Howsham Wood Walk – Time: 2 hours approx

- Leave the Stone Trough turning left and head towards the village of Westow.
- Walk for approx half a mile until you get to a very sharp left hand corner called 'Badger Bank'. There is a wind turbine located there and normally a car or 2 parked up. Enter the public right of way and follow the track leading to Howsham Wood.
- The walk goes on one track for approx half a mile until you reach a park bench with either a left or right turn. Take either way as this takes you on a round route where you come back to the park bench.
- Repeat the walk back to 'Badger Bank' and continue back to the Stone Trough.

### Oak Cliff Path Walk – Time 2 hours approx

- Head down to the Abbey and cross over the bridge and level crossing.
  - Walk up the hill and turn left for Crambe
- Follow this road for approx 400 yards and then turn left when you see the public footpath.
- Walk along the path through the wood and once you get to the end and an open field, either come back the same way or walk down through the farm and get back onto the Crambe road where you can walk back up and rejoin the route back towards The Stone aTrough.
